Nai Ebing's Sweet Corner

"Made with love and sweetness"

When you eat **rice cake** with your family and friends, it always tastes better!

Rice cake is a type of baked rice cake from the Philippines. It is usually eaten for breakfast, especially during the Christmas season. It is traditionally cooked in clay pots lined with leaves. It is a subtype of kakanin (rice cakes) in Philippine cuisine. *Bibingka* is also found in Christian communities in eastern Indonesia.

NESC (Nai Ebing Sweet Corner) business started in **1957**. Rice cake is their family delicacy. Our '*grandlola*' **Lamberta Saranillo** started the food business, when she got married she managed it herself and with the help of our great² *lola* she made her business grow and she got a lot of satisfied customers.
